The scatter plot displays 60 data points, each labeled with a number from 1 to 60. The points are distributed across a grid with x-axis labels 1 to 55 and y-axis labels 1 to 55. The points are marked with blue plus signs and labeled with their respective numbers. The distribution is as follows:

Point Number	X Coordinate	Y Coordinate
1	32	51
2	33	43
3	38	39
4	33	30
5	33	8
6	33	27
7	38	7
